

CHANCE[®] WIRELESS TORQUE INDICATOR

Avoid excessive torsional loading with the new wireless torque indicator by Hubbell Power Systems, Inc. This exciting new wireless feature allows contractors to:

- View and log torque data from anywhere on the job site, even from the convenience of their cab
- Accurately record and download torque data to a spreadsheet
- Torque Indicator has integral display and can be used as a stand-alone or in combination with the other system components

For more information on the Wireless Torque Indicator visit hubbellpowersystems.com/abchance or call 855.477.2121 to speak to a customer service representative.
